ITEM NO.1 CONFIRMATION OF MINUTES OF THE FOLLOWING MEETINGS

4103

On the **PROPOSAL** of Cllr. Killilea **SECONDED** by Cllr. Donohue the Minutes of Monthly Plenary Meeting held on 23rd January 2023 were **AGREED**.

ITEM NO.2 CONSIDERATION OF REPORTS AND RECOMMENDATIONS

4104

On the **PROPOSAL** of Cllr. Curley **SECONDED** by Comh. Ó Cualáin the minutes of the Planning, Environment, Agriculture & Emergency Services Strategic Policy Committee held on 29th November 2022 were **AGREED**.

In response to queries raised by the members from the minutes, Mr. Owens commented on the following points

- In relation to the definition for 'Substantial Works' in the context of a planning application for extension of duration, the matter was considered by the Planning, Environment, Agriculture, and Emergency Services SPC and with the benefit of a legal opinion it was determined that 'Substantial Works' should not be informed by a rule of thumb but rather on the basis and specific nature of the relevant application/development including the extent of works undertaken/level of expenditure incurred.
- A seminar for planning agents was held in late November 2022 with very positive feedback from attendees. A commitment was given during the CDP process for a similar seminar for Councillors and this would be arranged as staff resources and other commitments allow.

- The OPR will be undertaking a review of the planning function in all local authorities with a number completed to date. Galway County Council will be subject to a review in due course, and it is anticipated that the resourcing of the function and related service delivery standards including statutory obligations will be a significant factor.
- In light of the reduced staff numbers, it will be necessary to prioritise the development management function. This will unfortunately impact the work programmes in other areas within the Planning Unit. It was noted that the Planning Unit will be experiencing a further challenging period in terms of available staff resource, the number and nature of planning applications and work programmes.
- Clarified that any communication by the Members in relation to a planning application within the statutory period for determination of an application or appeal should be in writing only in order that it can be recorded and placed on the public file in order to ensure that the process remains open and fully transparent to all parties with an interest in the relevant application/appeal.
- Pre-planning meetings recommenced in September 2022 and remain available with the option for in-person, conference call or Teams.

On the **PROPOSAL** of Cllr. Carroll **SECONDED** by Cllr. Canning the minutes of the Community and Culture Strategic Policy Committee held on 6th December 2022 were **AGREED**.

This international Convention was ratified by the Houses of the Oireachtas in March 2018 and has only been partially implemented to date."

ITEM NO.17 NOTICE OF MOTION

4119

Cllr. Dr Francis Parsons submitted the following Notice of Motion prior to the meeting:

"That the Roads SPC review the Parking Byelaws pertaining to paid parking in towns across County Galway with a view to introducing free parking period between the hours of 9.00-11 am Monday to Saturday inclusive to facilitate and to support town centre businesses in a fair and equitable manner. This would enable and attract multiple passing drop and collect type transactions in town centres and also promote vitality and attract new businesses to revitalize town centres."

The following reply issued:

"Notwithstanding the fact that the Council does and will continue to play a central role in the economic and enterprise development of the county, paid parking provides valuable revenue in a current environment of severe underfunding from central government. The Council provides free parking for the Christmas period each year which is allowed for in the yearly budget. Adding additional periods of free parking will result in further reductions in income which will adversely affect the Council's ability to provide the much-needed services to the public."

ITEM NO.18 NOTICE OF MOTION

4120

Cllr. Donohue submitted the following Notice of Motion prior to the meeting:

"That the Chief Executive make a statement on the suggestion that the Long-Term Impact Charges imposed on Group Water Schemes are very high and in particular those of Galway County Council and what options are open to Galway County Council to remedy this situation."

The following reply issued:

"There have been no increases in the LTI rates in Galway for many years. The Council is satisfied that the LTI rates are appropriate and reflect the level of impact to the roads network.
