Sprioc Straitéiseach: Cumas Infreastruchtúir

Strategic Goal: Infrastructural Capacity

Chun gréasán iompair sábháilte, inbhuanaithe agus éifeachtúil a fhorbairt agus a chothabháil a fheabhsaíonn nascacht, a thacaíonn le fás eacnamaíoch, agus a chuireann caighdeán maireachtála níos fearr ar fáil do gach pobal inár gcontae.

To develop and maintain a safe, sustainable, and efficient transport network that enhances connectivity, supports economic growth, and improves quality of life for all communities in our county.

A small allocation of € 1,700 is included in the National Primary Maintenance allocation to allow the Council to recoup costs associated with traffic counters on Motorways in County Galway.

HD15 & HD17 Minor Works - N83 Baile Chláir (Claregalway) Traffic Calming

This project originated as a traffic calming scheme through the village of Claregalway and is also part of the residual works associated with the M17/M18 Gort to Tuam Motorway. 1.2km of dual cycleway/footpath along with a reduced carriageway is to be provided. Part 8 approval with modifications was granted in September 2019. The design is being progressed by the NRPO. The installation of drainage attenuation pond to address flooding issues associated with the project was completed in 2024. The design of the network drainage, cycleway and traffic calming measures are complete with main construction contract documents being finalised. The tender process for the Main Contract will commence in Q2 2026 and subject to procurement timelines, it is anticipated that the Main Contract will commence early in Q4 2026.

Conamara Greenway

A total of €700,000 funding has been allocated in 2026, by Transport Infrastructure Ireland for the Conamara Greenway. This allocation is for land acquisition on the Clifden to Sraith Salach section and for design works on the section from Recess to Uachtar Ard along with progressing the Galway to Uachtar Ard section to planning.

Galway to Athlone Cycleway Project Update for Roads Programme

TII have provided allocations for the Galway to Athlone Cycleway Project and Support Office for 2026. Progression to advance to the next stages of the project will be determined by TII and the Local Authorities following the completion and outcome of a review process being undertaken by Westmeath County Council.

Grant Funding of Regional & Local Roads

The grant allocated to Galway County Council for the Regional and Local Roads in 2026 is €46,039,778, an increase of 5.47% (€2,389,918) on the 2025 allocation.

2026	2025	Increase
€46,039,778	€43,650,160	€2,389,618

The priority is to protect the existing road network, and the investment made in it over the last number of years. The total grant allocation of **€46,039,778** for Regional & Local Roads is broken down as follows:

Protection & Renewal of Grants	€ 41,409,778
New Roads/Road Improvement Grants	€ 4,630,000

Restoration Improvement Programme (RI)

The RI Programme continues to be the focus of the regional and local roads programme. An overall amount of **€24,096,000** has been provided under the 2026 Restoration Improvement Grant.

This is the strengthening programme and is hugely important in terms of maintaining the network. It caters for surface restoration; pavement overlay works, or inlay works (planning) and for complete road rehabilitation works as well as for drainage works where required.

Restoration Maintenance Programme (RM) (Surface Dressing)

The Restoration Maintenance (RM) Programme continues to be an important programme aimed at protecting road surfaces. An overall amount of **€2,844,000** has been provided under the 2026 Restoration Maintenance Programme.

This is mainly the surface dressing programme, and it is important in terms of sealing the road surface (thus preventing the ingress of water) and in maintaining adequate skid resistance.

Also, given continuing constraints in relation to current funding for the RM programme, the provision of a Supplementary Restoration Maintenance (SRM) Grant using capital funding is being continued in 2026. An overall amount of **€2,631,000** has been provided under the 2026 Supplementary Restoration Maintenance.

The grant allocation can be classified under the following broad headings:

Subsubsvc	Grant Category	2026	2025	Difference

Restoration Improvement (RI)

The selection of projects for the road improvement works is made based on overall needs and priorities. Consideration is also given to the level of usage, category of vehicles served and the extent of deterioration in the road. In accordance with RW12/2024, the Multi-Annual Restoration Improvement Programme 2025 – 2027 was submitted to the Department of Transport in October 2024. The works that will progress in 2026 will be in line with the prioritized list of projects that has already been submitted to the Department.

The total Restoration Improvement grant for 2026 amounts to **€ 24,096,000** which is an increase of €1,444,500 on the grant allocation of €22,651,500 in 2025.

The distribution of the Restoration Improvement Grant is set out in the following table:

Municipal District	Length of Road Non-National Roads KM	2025 Allocation	2026 Allocation
Athenry / Oranmore	659.76	€ 2,274,664	€ 2,423,237
Ballinasloe	1566.37	€ 5,419,709	€ 5,753,138

Total	6560.47	€ 22,651,500	€ 24,096,000

The specific list of works to be carried out in each Municipal District, utilising the 2026 Restoration Improvement (RI) Grant, are detailed in the [Summary by Municipal District](#).

Restoration Maintenance (RM)

Two separate allocations have been provided for the Restoration Maintenance programme, totaling **€5,475,000** which is an increase of €142,500 on the 2025 allocation. Both the Restoration Maintenance (RM) (€2,844,000) and the Supplementary Restoration Maintenance (SRM) (€2,631,000) grants may only be used for Surface Dressing Works.

The specific list of works to be carried out in each Municipal District, utilising the 2026 Restoration Maintenance (RM) Grant is detailed in [Summary by Municipal District](#).

Discretionary Grant (DG)

The Department of Transport allocation for the Discretionary Grant for 2026 of €5,782,500 represents an increase of €26,000 on the 2025 allocation of €5,756,500.

Discretionary Grant funding helps to meet the cost of road maintenance and improvement works in line with the table below.

DISCRETIONARY GRANT (DG)					
Subsubsvc	Allocation	Length of Road KM	2025	2026	Difference

Regional Roads and Local Roads General Maintenance

The allocation for Regional Roads General Maintenance for 2026 is set at **€1,760,500** similar to the 2025 allocation. The Local Roads General Maintenance allocation remains as per 2025 at **€2,102,500**.

Breakdown for DG-Regional Road General Maintenance and Local Road General Maintenance per Municipal District is set out in the table below.

Regional & Local Road – DG GENERAL MAINTENANCE				
Municipal District	REGIONAL Length of Road (Km)	DG – Regional Road Maintenance	LOCAL Length of Road KM	DG – Local Road Maintenance
Athenry/Oranmore	86.04	€ 164,582	573.72	€ 213,869
Ballinasloe	222.39	€ 425,401	1343.98	€ 501,004
Conamara	236.69	€ 452,755	1139.45	€ 424,759
Loughrea	279.19	€ 534,051	1631.69	€ 608,254
Tuam	96.04	€ 183,711	951.28	€ 354,614
TOTALS	920.35	€ 1,760,500	5,640.12	€ 2,102,500

Bridges (Repairs)

There is a specific grant allocated for Bridge Rehabilitation of **€773,500**, toward 13 specified bridges. It is proposed to allocate an additional amount of **€395,000** from the Discretionary Grant towards the repair of bridges on Regional and Local Roads as detailed under [Bridge Rehabilitation & Repairs](#).

The overall allocation toward repairs of Non-National Road Bridges for 2026 is **€1,168,500**.

Winter Maintenance

The Discretionary Grant allocation for 2026 includes €265,000 for Winter Maintenance on Non-National Roads.

Tertiary Roads

It is recommended that there should be ongoing investment from the Discretionary Grant specifically to the Local Tertiary Roads which have inhabited houses on them, as has been the case since 2015. The allocation will be divided across the Municipal Districts based on the normal division per KM of road length.

Based on the above, it is proposed to allocate up to 16% of the Discretionary Grant, i.e., **€900,000** for the repair of Tertiary Roads in the County. It is allocated on a per KM of local roads basis, per Municipal District, this will allow for increased lengths of roads to be repaired. The schedule of Tertiary Roads to be repaired is detailed in [Summary by Municipal District](#).

DISCRETIONARY GRANT (DG) – TERTIARY ROADS		
Municipal District	Length of Road KM	2026 Allocation
Athenry / Oranmore	156.97	€ 83,467
Ballinasloe	355.57	€ 189,069
Conamara	501.15	€ 266,479
Loughrea	458.54	€ 243,822
Tuam	220.34	€ 117,163
Total	1692.57	€ 900,000

Contingency Fund

The Department of Transport has advised that a contingency provision should be reserved to deal with damage caused by severe weather conditions, including flooding. In 2026, it is proposed to set aside an allocation of **€240,000** of the Discretionary Grant for such emergencies. This funding also supports the Winter Maintenance Programme.

Pavement Condition Survey Index (PCSI)

Pavement asset management is a key component of future Regional and Local Road maintenance. The achievement of successful asset management will depend on the measurement, collection and analysis of data relating to the condition of the public road asset throughout the country. As part of the data collection exercise each Local Authority is required to monitor and quantify the condition of the public road network within its functional area through the regular measurement and recording of the Pavement Surface Condition Index (PSCI).

An allocation of €52,000 has been designated for conducting visual surveys on the condition of non-national roads. Additionally, it is proposed to allocate another €80,000 from the Discretionary Grant, bringing the total budget for the PCSI survey in 2026 to €132,000.

Management of Invasive Species

Galway County Council has an advisory and recording responsibility in relation to invasive species identified in the County. It is intended to allocate **€20,000** towards the recording and management of invasive species on Regional and Local Roads.

Bridge Rehabilitation & Repairs

The total allocation on Non-National Road Bridges is **€1,168,500**. The allocation is part funded by a direct grant of **€773,500** for bridges specifically listed as part of the Department of Transport allocation for Non-National Roads and by the apportionment of **€395,000** from the Non-National Roads Discretionary Grant from DOT.

The bridge programme is based on a priority basis and is not proportionate to Municipal Districts.

Specific Improvement Grants

Projects which cost in excess of €200,000 but less than €5 million incl VAT:

The purpose of the Specific Improvement Grants is to:

- Improve the quality and reliability of economic and social infrastructure and remedy capacity deficiencies and bottlenecks.
- Facilitate more balanced and diversified development and growth within the regions while ensuring a high level of environmental protection.

A specific improvement grant allocation of **€2,630,000** has been received for 2026 schemes as outlined below:

Specific Improvement Grants		
Municipal District	Scheme Details	Allocation
Athenry/Oranmore	R339 Belville	€ 10,000
Ballinasloe	Creagh Junction	€ 60,000
Conamara	L52214 Cuan na Loinge	€60,000
Tuam	R332 Kilbannon	€ 2,500,000
Total		€ 2,630,000

Strategic Regional and Local Roads

Projects with an estimated cost in excess of €5 million (including VAT):

Athenry Northern Ring Road

Allocations under this scheme are directed towards routes that make a significant contribution to economic development within the County. An allocation of **€2,000,000** has been provided to progress Sections 3 and 5 of the Athenry Northern Ring Road.

The majority of this funding is supporting the ongoing construction of the western ‘elbow’ section (Section 3) of the scheme. Construction is now underway, and this section is scheduled to open in Q2 of 2026.

On the eastern side of the scheme (towards the Monivea Road), Irish Rail was requested by Galway County Council to advance the rail interface element of the project. Irish Rail have completed the preliminary design and are now progressing to the detailed design phase. They completed a topographical survey last year to inform the design, and they will undertake site investigation works in 2026 to support the development of a comprehensive detailed design for this element of the scheme.

Drainage Works

An allocation of **€1,258,000** is being provided in 2026 for drainage measures, the same as the 2025 allocation. This funding may be used to alleviate road drainage problems either through new works or remedial works. The allocation is apportioned per KM of Non-National Roads in each Municipal District.

Municipal District	Length of Road Non-National Roads KM	Regional Road Drainage Works	Local Road Drainage Works	Total Allocation
Athenry / Oranmore	659.76	16,499	110,013	126,512
Ballinasloe	1566.37	42,644	257,715	300,359
Conamara	1376.14	45,386	218,495	263,881
Loughrea	1910.88	53,536	312,884	366,420
Tuam	1047.32	18,416	182,412	200,828
Total	6560.47	176,481	1,081,519	1,258,000

The Council has charge of twelve Drainage Districts, two of which within the County of Galway extend into Roscommon and Clare County Councils. A provision of **€ 174,000** has been made from the Council's own funding under budget table F, Division G0101 - Maintenance of Land Drainage Areas for 2026.

Community Involvement Scheme

Under RW13 /2023 a submission for proposed work under the Community Involvement Scheme 2024 & 2025 was submitted to Department of Transport in September 2023. It is hoped that circa. 22 of these projects will be completed from the 2026 allocation of **€1,249,550** which is an increase of €285,390 on the 2025 grant allocation of €964,160.

Strategic Rehabilitation Regional Roads (formerly known as Former National Roads)

Funding to assist local authorities with the rehabilitation of sections of former national roads with poor condition rating is being continued in 2026.

Following consideration of applications received from Galway County Council, grant allocations under this heading to the value of **€740,000** have been provided for this project:

- R446 (former N6) CURRAGH – LOUGHBOWN €740,000

National Speed Limit Review

Phase 2 of the National Speed Limit Review recommends that 30km/h speed limits are introduced in urban centres and at schools in Urban Speed Limit Zones. It is proposed that these measures are implemented by 31st March 2027.

The Department of Transport has committed to the funding of the purchase and erection costs of signage for these new speed limits.

The signage may be procured centrally (nationally). The countywide review has commenced but will not be finalized until the later end of 2026, when the required budget will be finalized. It is not anticipated that funding will be required or provided until 2027.

The current review in County Galway extends beyond the scope of national review.

There may be costs associated with the extended review that may not be covered by the Department. Again, the extent of the additional funding required will not be known until the later end of 2026 and the budget for the works will not be required until 2027.

Proposals in the Speed Limit Review

Default speed limits will change from:

National Secondary Roads

Local and Rural Roads

Urban Roads (which include built up areas as well as housing estates and town centres)

Arterial roads and radial routes around urban settings would be able to remain at 50km/h.

There are no proposed changes to the default speed limits on motorways, national primary roads or regional roads contained in the review

Changes to the default speed limits will require primary legislation and it is envisaged that the necessary legislation which is currently being developed and will be passed in the coming months

Community Broadband & Wi-Fi

County Galway benefits from over 60 public Wi Fi hotspots delivered through the WiFi4EU initiative and the Broadband Connection Points (BCPs) programme. The WiFi4EU initiative, launched by the European Commission, aims to provide free, high quality Wi Fi connectivity in public spaces across Europe. Through funding from the European Union and the Department of Rural & Community Development (DRCD), this initiative has supported the installation of 40 public Wi Fi access points across County Galway.

Broadband Connection Points (BCPs) form a key element of Ireland’s Our Rural Future strategy, enhancing digital connectivity in rural and remote communities. County Galway is home to 21 BCPs, including four located on offshore islands. The rollout of BCPs is a collaborative effort between the Department of Rural and Community Development, National Broadband Ireland (NBI), and Vodafone Ireland, delivered under the National Broadband Plan. These connection points are part of the Connected Communities Initiative, supported by the Government of Ireland.

Galway County Council remains committed to supporting the ongoing development of the BCP network. These locations offer a range of valuable services including free public Wi Fi, opportunities for social and community engagement, and in some locations dedicated spaces for remote working. The estimated annual running cost borne by Galway County Council for both schemes is €50,000.

DRCD - Local Improvement Schemes

It is intended to continue to progress projects on the priority list submitted to the Department.

An allocation of €1,420,380 has been allocated for 2026, which includes €250,000 ringfenced for the Islands.

The objective of the LIS is to fund the construction or improvement of non-public roads. Each local authority must submit a Priority List of eligible road projects which will be completed within this allocation. A Secondary List of eligible roads will also be submitted which can be used to select substitute road(s) if a road on the Priority List cannot be completed.

NTA-funded Active Travel Programme for 2026

Galway County Council has been working directly with the National Transport Authority to develop a 2026 Active Travel Programme for County Galway.

A total allocation of **€2.650 million has been provided to Galway County Council for 2026**. The majority of funding in 2026 will be targeted at the existing Active Travel Design Schemes and on the Safe Routes to Schools programme, on completion of works on the Bus Stop Enhancement Programme and completion of the transport studies.

It is proposed to allocate the funding as set out below:

Mionoibreacha Caipitil ar na hOileáin 2026

Galway County Council has applied for grant funding from the Department of Rural & Community Development & Gaeltacht (DRCDG) for a number of projects, including the Cill Éinne burial ground wall on Inis Mór. We await a response from the DRCD.

The proposed works are primarily road resurfacing, coastal sea defence works, and improvements to piers and harbours. The submission includes projects across all 4 islands: Inis Mór Árann, Inis Meáin, Inis Oirr and Inis Bó Finne.

Additional miscellaneous items have been requested. Galway County Council will be expected to contribute 10% match funding towards the projects. In 2025, we received funding of €163,073.

INIS BÓ FINNE PASSENGER PIER FENDERS

Local Authority Marine Infrastructure Scheme 2026

Galway County Council has applied for grant funding from the Department of Agriculture, Food, and Marine (DAFM) for a number of projects.

The proposed works are primarily for marine infrastructure upgrades and improvements to piers and harbours.

Galway County Council will be expected to contribute 25% match funding towards the projects. In 2025, we received funding of €350,535.
