ITEM NO. 12. QUESTION.

4629

Cllr. P. Killilea submitted the following Question prior to the meeting:

'To ask the Chief Executive for

1) A detailed breakdown of costs associated with the reopening of Dunguaire Castle.

2) Can the CEO confirm that of May 2023 Clare County Council had taken ownership of Dunguaire Castle with responsibility to open and run it to visitors excluding banquets.'

The following reply issued:

Dunguaire Castle needs extensive repairs and modernisation to continue serving as a premier tourist attraction on the Wild Atlantic Way. A due diligence and technical assessment process undertaken by Galway County Council identified significant structural and safety issues that require immediate attention at an estimated cost of

€5 million. This includes construction works, professional fees, fit-out costs together with the costs of addressing the flood risk at the site and providing appropriate parking.

The detailed breakdown of the estimated costs is deemed commercially sensitive, the publication of which, at this time, may prejudice any future competitive tendering process to be undertaken by the Council in relation to the significant structural and safety works required.

Dunguaire Castle remains in the ownership of the Shannon Airport Group and at no time has the Castle been in the ownership of Clare County Council. A proposal for Clare County Council to facilitate the opening and running of the Castle, excluding banquets, on an interim basis, in conjunction with the portfolio of heritage assets transferred from the Shannon Airport Group to Clare County Council was considered in 2024, however, Clare County Council were not in a position to progress the proposal.

Galway County Council with the support of local Oireachtas Members, is actively engaging with the Department of Enterprise, Tourism and Employment, with a view to securing the necessary funding to undertake the works and facilitate the transfer of Dunguaire Castle to Galway County Council.

Cllr. P. Killilea spoke on his motion and acknowledged the commercial sensitivity in relation to costs but asked that pressure be kept on the Department of Enterprise, Tourism and Employment to secure funding.

The Chief Executive agreed to keep pressure on the Department and Oireachtas members in seeking the required capital funding. He confirmed that works would be tendered for if funding is forthcoming.

ITEM NO. 13. QUESTION.

4630

Cllr. Donohue submitted the following Question prior to the meeting:

'To ask the Chief Executive how many Council Tenants have registered and been approved for the Rent-a-Room Scheme to Local Authority tenancies'.

The following reply issued:

There has been 3no. applications for the Rent-a-Room Scheme to Local Authority tenancies, of which one was a duplicate application. There has been 1no. application approved to date.

Cllr. Donohue spoke on her motion and queried the low number of applications. She asked if there were any comparative figures from other Local Authorities and said that she will contact Galway City Council for their figures.

Mr. Damien Mitchell, Director of Service indicated that the scheme is confined to providing accommodation for students and that county towns that are generally too far to commute from to third level colleges in Galway City.

ITEM NO. 14. NOTICE OF MOTION.

4631

Cllr. Donohue submitted the following Notice of Motion prior to the meeting:

'I propose an information flyer is circulated to every household in relation to the 1993 Roads Act and the responsibilities of landowners, homeowners and property owners for maintenance of hedge cutting and roadside trees.'

The following reply issued:

In relation to the Notice of Motion proposing that an information flyer be circulated to every household outlining responsibilities under the Roads Act 1993, I wish to advise the following.

Under Section 70 of the Roads Act 1993, the responsibility for the maintenance of roadside vegetation, including the cutting of hedges, trees and other vegetation, rests with the owner or occupier of the land adjoining the public road. These obligations are longstanding and well established in national legislation and in Department of Transport guidance.

Galway County Council's current practice provides annual public reminders through the Council website, social media channels and newspaper notices. Each Municipal District also engages directly with landowners where overgrowth is obstructing visibility or causing safety concerns.

Consideration of the Proposal to Circulate a Flyer to Every Household

The Notice of Motion proposes that a hard-copy flyer be issued to every household in the county.

In considering this proposal, the following should be noted

Scale of distribution: Referring to the Central Statistics Office, there are approximately 68,000 households in County Galway, excluding Galway City.

Estimated costs: The cost of producing 68,000 flyers and distributing them to every household in County Galway is estimated to be in the region of €20,000 to €25,000. This includes design, printing, procurement and county-wide distribution.

Relevance of the flyer to households: It should also be considered that not every household has roadside boundaries, including apartments, terraced houses and many properties in towns and urban centres. Issuing the flyer universally, regardless of whether households have hedge-cutting responsibilities, may lead to confusion and result in increased clarification queries to the local authority.

Environmental and administrative impact: A hard-copy distribution of this scale has an environmental impact and would require lead-in time for design, printing, procurement and distribution. We can also expect negative comments on social media in relation to the widespread distribution of hard copy material that in many cases has no relevance to the household.

Recommendation

Given the above considerations, it is recommended that the Council continue with its existing annual public communications campaign on hedge-cutting responsibilities through strengthened targeted social media and newspaper notices.

A flyer can also be developed but rather than broad delivery to every household, they will be dropped to targets households and areas where appropriate.

There may also be value in further engagement with farmers' representative associations, such as the IFA. These approaches would represent better value for money and would allow a greater portion of the Roads budget to be directed towards the direct maintenance of the road network.

A discussion took place on the wording of the motion. It was agreed to amend the wording on this notice of motion and Cllr. Donohue submitted the following amended motion:

An information flyer be developed in relation to the 1993 Roads Act and the responsibilities of landowners, homeowners and property owners for maintenance of hedge cutting and roadside trees and be used to drop to household in targeted areas where there is an issue with maintenance of roadside hedges and trees.

On the **PROPOSAL** of Cllr. Donohue **SECONDED** by Comh. O Curraoin the Members **AGREED** to the amended motion.

On the **PROPOSAL** of Cllr. Donohue **SECONDED** by Cllr. McNamara the Members **AGREED** to write a letter of congratulations in Irish to the newly elected President Catherine Connolly.

ITEM NO. 16. NOTICE OF MOTION.

4633

Cllr. Regan submitted the following Notice of Motion prior to the meeting:

"Galway County Council calls on the Department of Transport to ensure that traffic calming measures, speed ramps are implemented on all national routes and roads passing through villages and builtup areas, with particular emphasis on location in front of schools where there is a concentration of pedestrian and student activity.

Furthermore, that similar measures be prioritized on roads that lost their national classification but continue to experience significant traffic volumes and pose ongoing safety risks to local residents and road users".

Cllr. M. Regan spoke on his motion, expressing concern about the high percentage of drivers exceeding speed limits in towns and villages and the disregard for road signage

Cllrs. O' Curraoin, D. Connolly, Hoade and Welby raised the following points and queries:

- Warning signs should be installed at schools, especially where there are no footpaths present.
- The slip road at Creagh to Shannon Bridge Road is very effective.
- It was queried why different local authorities vary in their operations.
- The area around Roscahill school and crèche is a particular area of safety concern.
- There should be ramps 50 yards either side of pedestrian crossings.

On the **PROPOSAL** of Cllr. Regan **SECONDED** by Comh. O Curraoín the Members **AGREED** to the above motion.

ITEM NO. 17. NOTICE OF MOTION.

4634

Cllr. Regan submitted the following Notice of Motion prior to the meeting:

"That Galway County Council write to Minister Daragh O'Brien to request dedicated funding for the development, extension and repair of footpaths within the county. This includes funding for new footpaths, extending existing paths and making repairs that enhance accessibility in line with universal design principles.

On the **PROPOSAL** of Cllr. Regan **SECONDED** by Cllr. Lee the Members **AGREED** to the above motion.

ITEM NO. 18. NOTICE OF MOTION.

4635

Cllr. Welby submitted the following Notice of Motion prior to the meeting:

"Potential Candidates must secure the support of at least 10% (round up: currently 4 Cllr's) of the elected members of Galway Co Co to attend and present at the Special Council Meeting to select a candidate for the Presidential Election. Unless they attend, in person, the Special Meeting of the Council is precluded from nominating them."

Cllr. Welby spoke on this motion. He supports the role of Local Authorities in the nomination process, but feels that a filtering system of potential candidates is required. He referenced the process that Fingal County Council have in place as one that Galway County Council could incorporate.

Cllrs. Cunniffe, Mannion, Keane, D. Connolly, O'Curraoin and Kelly raised the following points and queries:

- It was noted that many Local Authorities hold their special presidential meetings at the same time.

- There are already impediments for potential candidates in receiving nominations.
- No candidates should be considered unless they attend in person.

ITEM NO. 19 NOTICE OF MOTION.

4636

Cllr. McNamara submitted the following Notice of Motion prior to the meeting:

"That this Council expresses its strong opposition to the Government's intention to abolish or amend the Triple Lock, which governs the overseas deployment of Irish Defence Forces personnel.

The Triple Lock – requiring approval of the Cabinet, Dáil Éireann, and a United Nations mandate – has been a core safeguard of Irish neutrality since its introduction as part of the Solemn Declaration (Seville Declaration) following Ireland's rejection of the Nice Treaty in 2001 and reaffirmed after the Lisbon Treaty.

Any move to remove or weaken this safeguard would represent a breach of trust with the Irish people and a serious erosion of Ireland's neutrality.

Accordingly, this Council call on the Government that any proposal to abolish or amend the Triple Lock be put to the People of Ireland by way of referendum, ensuring that the Irish people remain the ultimate decision-maker on this matter.

If adopted, this motion is to be forwarded to the Taoiseach, Tánaiste, and Minister for Defence.

Cllr. McNamara spoke on his motion and acknowledged the vital role that the Irish Defence Forces play they play in international peace keeping. He raised concern that if amended this would weaken and expose Irish neutrality.

Cllrs. Mc Clearn, Keane, Charity, L. Harney and Welby raised the following points and queries:

- There is a difference between Irelands neutrality and the triple lock. Further discussion is needed on subject.
- It was asked if the triple lock was removed, what will it be replaced by.
- The permanent membership of the United Nations Security Council was questioned.
- It needs to be ensured there is no conflict of interest on the Security Council.

A vote was taken on the motion.

ITEM NO. 20. NOTICE OF MOTION.

Cllr. McClearn submitted the following Notice of Motion prior to the meeting:

"Galway County Council calls on the Irish Government not to support the European Commissions proposal to establish a single fund under the Multiannual Financial Framework (MFF) 2028-2034. This proposal would merge EU policy instruments such as the Common Agricultural Policy, Cohesion Policy, the European Maritime, Fisheries and Aquaculture policy into one overarching funding mechanism to be administered at National Level. The existing policies have delivered tangible benefits to Irelands Regions, Farmers and Costal communities.

This proposal has very serious implications for our region the Northern and Western a region in transition by European norms.

Cllr. McClearn spoke on his concerns on the potential financial impact that this proposal would have on County Galway.

On the **PROPOSAL** of Cllr. McClearn **SECONDED** by Cllr. Hoade the above motion was **AGREED**.

ITEM NO. 21. NOTICE OF MOTION.

Cllr. Dr. Evelyn Parsons submitted the following Notice of Motion prior to the meeting:

Galway County Council request the Chief Executive to provide a written statement on the status of the Ballinasloe Landfill Remediation Fund, a specific reserve held in the Council's Capital Account and forming part of the overall credit balance to include

- The current balance of the Fund*
- The amounts ring-fenced for the two designated projects in Ballinasloe*
 - the Townparks Relief Road, a roads objective in the current Galway County Development Plan (GCDP), and*
 - the Townparks Amenity Area*
- An update on how these two commitments are being progressed during the lifetime of the current GCDP and*
- Confirmation as to whether major funding opportunities can be leveraged by using this specific reserve as match funding to secure significant external investment and bring these projects forward.*

With the establishment of the Council's Project Office, Galway County now has the organisational capacity to deliver major projects; what is needed is the financial capacity to leverage external investment. Clarifying the status of this specific reserve, the sums ring-fenced for each project, and whether it can be deployed as match funding will determine if substantial national funding streams can be unlocked, enabling these long-promised commitments to be delivered within the lifetime of the Plan.

The following reply issued:

In regard to your NOM on the Ballinasloe Projects, a decision was brought through Ballinasloe Town Council before its dissolution to fund a number of priority projects in Ballinasloe. This approach was agreed in conjunction with the elected members of the former Town Council.

Four projects were identified for support through the fund:

1. The Town Enhancement Scheme
2. The development of the new Library
3. The Townparks Recreational Area
4. The Townparks Inner Relief Road

And in addition to the four projects above, a Community Grants Fund was also established and funding provided to sporting and community groups in the town.

Since that decision was made, the Town Enhancement Scheme and the Library projects have been completed, representing a significant investment in the town.

Two projects remain outstanding, as referenced in the Motion: the Townparks Inner Relief Road and the Townparks Recreational Area. Both projects remain included as objectives of the current County Development Plan.

I can confirm that the funding allocated to these projects remains in place, comprising €1.6 million for the Inner Relief Road and €500,000 for the Recreational Area.

I can further confirm that these amounts can be used to seek match funding.

Cllr. Parsons commented that the response did not provide details how the projects will be advanced. She also raised concern at the devaluation of the funding due to rising inflation. Ballinasloe is the only town without a public park.

On the **PROPOSAL** of Cllr. Parsons **SECONDED** by Cllr. D. Connolly the above motion was **AGREED**.

The following motion was **PROPOSED** by Cllr. Geraghty **SECONDED** by Cllr.

Thomas:

'We the members of Galway County Council are asking all our MEPs and TDs to vote against the Mercosur Trade Deal. This deal has the potential to decimate the Irish Beef Industry through cheap and inferior imports from South American countries. The commitment to not support this deal was given in last year's Dail election and the European elections. We are asking for these election promises to be upheld.'

On the **PROPOSAL** of Cllr. Geraghty **SECONDED** by Cllr. Thomas the above motion was **AGREED**.

The following motion was **PROPOSED** by Cllr. Donohue **SECONDED** by Cllr. Welby:

'That Galway County Council write to Minister Dara Calleary, T.D. requesting that the CLAR area - map attached be extended to include the whole of the County along with additional funding. Note. Craughwell, Clarinbridge, Athenry, Oughterard etc are all excluded. We have youth in those areas too and communities that area excluded from CLAR funding is very unfair. These Communities would greatly benefit from this funding stream.'

A discussion took place and it was agreed that Cllr. Donohue would amend her motion to the following:

'That Galway County Council write to Minister Dara Calleary, T.D. requesting that the CLÁR area map attached be reviewed to include the whole of the County. We have youth in those areas too, and communities that are excluded from CLÁR funding is very unfair. These Communities would greatly benefit from this funding stream.'

The Cathaoirleach reminded the Members that as per Standing Orders, Motions unless urgent, should be submitted to the County Secretary 10 days before the plenary meeting to allow time for a considered response from the Executive.
